Paul,

The Bureau of Land Management (BLM) Salt Lake Field Office concurs with the final reclamation cost estimate (bond amount) of \$1,348,000 proposed by Desert Hawk Gold Corporation on Friday, February 7, 2014. The BLM has determined that this amount is sufficient to meet anticipated reclamation requirements for the Kiewit Mine Project (BLM casefile U-87834, UDOGM No. M/045/0078).

thank you,

—
